# UC San Diego

- *Many thanks to our gracious hosts for 2019, UC San Diego*

We're getting ready for the annual [Open edX Conference](#) <sup>[3]</sup>, March 26 - 29, 2019, hosted by UC San Diego. This is going to be a fabulous gathering of online educators, learners and technologists, collaborating on moving the industry forward in an open source way. This year's theme is all about collaborative learning: collaborating on the technology platform and enabling collaboration in the classroom.

- [Early bird registration](#) <sup>[4]</sup> is now open! Register today and save.
- We announced our [Call for Papers](#) <sup>[5]</sup>. Deadline is November 21, so start getting yours ready.
- [Sponsor the event](#) <sup>[6]</sup>, and get in front of the world's leading minds in online learning.

There are a few changes this year. In response to last year's high demand, It's now a 4-day event, complete with tutorials and in-depth training on the first day, 2 days of the main conference, and the developer summit on the last day.

We're looking forward to a great event - check out this blog in the near future for more

information, including upcoming interviews with keynote speakers and other conference VIPs!
